

# 7th Annual Southwest Florida GIS Symposium

## Sponsors

Lee County Government will be hosting the annual SWFL GIS Symposium on November 2, 2017 in Fort Myers. The event has grown over the years to become the premier GIS event in Southwest Florida. In 2016, the Symposium hosted over 150 professionals from 12 counties throughout South Florida. A diverse group of professionals attended, representing governmental agencies, educational institutions, non-profit agencies, and private companies. The attendees also represented a wide variety of industries, such as public planning, emergency management, utilities, transportation, and environmental management. We are seeking sponsors to help us fund this spectacular event. Sponsors will have the opportunity to share their message, services, and products with an audience interested in the use of GIS related technology.

The GIS Symposium is a one day event that includes:

- Presentations by local GIS professionals and industry leaders
- Poster presentations and sponsor exhibits
- A social hour networking reception

\$250 Sponsor benefits include:

- 1 complimentary registration
- Company logo on all event program materials and website
- Company logo on sponsor recognition poster that will be prominently displayed during the GIS Symposium, in multiple locations
- Verbal recognition during the event and time to introduce yourself and your company to the entire audience
- Exhibitor display space at the GIS Symposium where sponsors get to directly interact with attendees

Contact Amy Hoyt to sponsor, [ahoyt@leegov.com](mailto:ahoyt@leegov.com)

Thank you for your consideration in supporting the GIS Symposium!
